Goalie's Gentle Game

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

With black and white fur, a tiny friend so true
A miniature dachshund, sweet in all you'd do
Our first memory, a yellow ball on the floor
Playing hockey with your daddy, we'd always want more
You were the sweetest girl, a love so pure and deep
Our little Goalie, secrets you would keep

Chorus

Oh, Goalie, our sweet girl, eighteen years and four months flew by
You filled our home with joy, beneath the sky
Though tears may fall, our love will never cease
Goalie, our darling, now find your perfect peace

Verse 2

When we came home, after a long day's grind
Your happy bark, the sweetest we could find
A special moment, a greeting full of cheer
Chasing shadows, banishing all fear
Every day a blessing, with you right by our side
Our beautiful Goalie, with nowhere left to hide

Chorus

Oh, Goalie, our sweet girl, eighteen years and four months flew by
You filled our home with joy, beneath the sky
Though tears may fall, our love will never cease
Goalie, our darling, now find your perfect peace

Verse 3

Goalie's Gentle Game (continued)

Miss Clicky Toes, a joyful sound you made
With little sister Puck, in games you always played
A beautiful soul, full of pure delight
Always happy, shining ever so bright
We knew you loved us dearly, every single day
And felt your love surrounding us, in every single way
With yellow and red balls, playing hockey with your dad
The happiest of memories, the best times that we had

Chorus

Oh, Goalie, our sweet girl, eighteen years and four months flew by
You filled our home with joy, beneath the sky
Though tears may fall, our love will never cease
Goalie, our darling, now find your perfect peace

Bridge

Our final whisper, a promise whispered low
Just have a good time, until we get there, you know
You are the best girl ever, our hearts hold you so tight
Shining forever, our precious, guiding light

Instrumental - cello, piano

Final Chorus

Oh, Goalie, our sweet girl, eighteen years and four months flew by
You filled our home with joy, beneath the sky
Though tears may fall, our love will never cease
Goalie, our darling, now find your perfect peace

Outro - acoustic guitar fade, soft hum

Now playing hockey, joyful and pain-free
With all our other angel girls, wild and fancy-free
Waiting for all of us, beyond the golden sun
Our Goalie, running freely, your good work is done

Outro - piano fade

Forever in our hearts
