# Shelby's Forever Smile

*A Tribute Song*

---

**Intro - ukulele, light percussion**

**Verse 1**

With doggles on and wind in fur, a Harley ride, a joyful blur,  
Those beautiful brown eyes, a shining gleam,  
A tiny king living out his dream.  
For shrimp cocktail or a filet's delight,  
Your little tail would wag with all its might.  
A fluffy coat, a spirit bright and bold,  
A story only a Bichon could unfold.

**Chorus**

Oh, Shelby, our dear boy, with spirit so free,  
Fourteen sweet years, a blessing to see.  
Though you've journeyed on, beyond the blue,  
Our hearts still beat, forever for you.

**Verse 2**

Remember evenings by the pool, so grand,  
Mountains of Arizona, a peaceful land.  
Or Florida's lanai, watching deer so shy,  
Under the golf course sky, as clouds drift by.  
A mischievous gleam, a pillow game,  
Each playful moment whispered your sweet name.  
You filled our days with laughter and with grace,  
Leaving joy in every single space.

**Chorus**

Oh, Shelby, our dear boy, with spirit so free,  
Fourteen sweet years, a blessing to see.  
Though you've journeyed on, beyond the blue,

*Shelby's Forever Smile (continued)*

Our hearts still beat, forever for you.

**Bridge**

Now in the heavens, in a purple tie,  
You watch us safely from the endless sky.  
Keeping Mama, Kim, and Zoey ever near,  
Dispelling every doubt and every fear.  
Ni Ni ah Mo Mo, une ka- die achetamo,  
Cadeau, chateau, bateau, a love we'll always know.

**Instrumental - clean electric guitar solo**

**Final Chorus**

Oh, Shelby, our dear boy, with spirit so free,  
Fourteen sweet years, a blessing to see.  
Though you've journeyed on, beyond the blue,  
Our hearts still beat, forever for you.

**Outro**

Playing with pillows, a smile on your face,  
Forever running in that peaceful place.  
Watching us from above, so gentle and kind,  
Shelby, our love, forever intertwined. [Ukulele fade]
