Teddy's Wagging Heart

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

Remember Teddy, running down the stair
A furry shadow, barking at the air
Nose poked through the door, a funny sight
Then stuck again, with all her might
That little red ball, always in her jaw
A happy spirit, defying every law
One summer night, a silent hero bright
You saved us all, from a dangerous light

Chorus

Oh, Teddy, our sweet girl, a faithful friend so true
Ten years of joy, we shared with you
Your love a fire, burning ever bright
Guiding us through, both day and night

Verse 2

The best part of the day, when we came home to you
Your joyful dance, a love that always grew
The only time we parted, when we drove away
But your wagging tail, would brighten up our day
You'd greet us there, with happy barks and sighs
Love shining brightly, in your gentle eyes
A special moment, waiting at the door
The only time we wished for nothing more

Chorus

Oh, Teddy, our sweet girl, a faithful friend so true
Ten years of joy, we shared with you

Teddy's Wagging Heart (continued)

Your love a fire, burning ever bright
Guiding us through, both day and night

Verse 3

You had to lie so close, just touching at our side
A silent promise, nowhere you could hide
Afraid of being lonely, you'd always stay so near
Chasing away, every little fear
In senior years, downstairs you'd softly creep
To be with Anastasia, while we were fast asleep
And for a truck ride, with Murray you would go
A loyal partner, in every single show

Chorus

Oh, Teddy, our sweet girl, a faithful friend so true
Ten years of joy, we shared with you
Your love a fire, burning ever bright
Guiding us through, both day and night

Bridge

You are a good girl, our precious Black Lab heart
We love you, Teddy, though we are now apart
We miss you so much, with every passing day
And dream of greeting you, along that joyful way

Guitar Solo - acoustic guitar, harmonica

Final Chorus

Oh, Teddy, our sweet girl, a faithful friend so true
Ten years of joy, we shared with you
Your love a fire, burning ever bright
Guiding us through, both day and night

Outro - acoustic guitar fade, harmonica

Now running free, with brother Bear you roam
No pain, no cancer, you've found your happy home
Your black tail flowing, a wagging, joyful sign
A happy girl, forever truly mine
We'll feel your gentle spirit, ever close and deep
Until that day, our promises to keep
