Tabitha's Rainbow Run

A Tribute Song

Intro - piano, strings

Verse 1

The sea wind whispers, a distant call
I see your small form, standing tall
A little terrier, brave and free
With a fish you brought home just for me.
Down on the beach, a joyful sight
Flopping fish, oh what a light
In every step, a dance of grace
A happy smile upon your face.

Chorus

Oh, Tabitha, my dearest friend
Fourteen years, from start to end
A love so pure, a bond so deep
Precious memories I will keep.
You left paw prints on my soul
Making my broken spirit whole.

Verse 2

From dawn till dusk, you were always near
Chasing away every single fear
Every hour of the day, a faithful shadow
Through quiet moments and life's bright glow.
No room too big, no journey too far
You shone so bright, my guiding star.
My little guardian, ever so true
My world was brighter, simply with you.

Chorus

Tabitha's Rainbow Run (continued)

Oh, Tabitha, my dearest friend
Fourteen years, from start to end
A love so pure, a bond so deep
Precious memories I will keep.
You left paw prints on my soul
Making my broken spirit whole.

Bridge

A final whisper, a tender plea
"You are my heart, I love you, I will see you soon," you'd be.
Across the veil, our spirits still connect
A love like ours, the world won't forget.

Instrumental - strings, woodwinds

Final Chorus

Oh, Tabitha, my dearest friend (Oh, my dearest friend)
Fourteen years, from start to end (From start to end)
A love so pure, a bond so deep (So pure, so deep)
Precious memories I will keep (I will keep)
You left paw prints on my soul
Making my broken spirit whole.

Outro

Now with Jesus, playing free
On the rainbow bridge, waiting for me.
No more sorrow, no more pain
Until we meet, my love, again.

Outro - strings fade
