

Remembering Ollie

Custom Pet Memorial Songs

Ziva's Loving Heart

A Tribute Song

Intro - ukulele, acoustic guitar

Verse 1

I remember that first long ride, from Oklahoma's bright expanse
A tiny ball of fur, with mischief in her glance
Soon home in Kansas, we watched in sweet surprise
How you'd jump the fence for the Schnauzer in our neighbor's eyes

Chorus

Oh, sweet Ziva, my heart still sings your name
Through twelve precious years, you sparked an endless flame
A spirit bright, a love so strong and true
Every memory shining, Ziva, just for you

Verse 2

When day was done and shadows deep would fall
You'd curl up beside me, answering comfort's call
Right by my side each night, a loyal, warm embrace
Bringing so much peace to that quiet, hallowed space

Chorus

Oh, sweet Ziva, my heart still sings your name
Through twelve precious years, you sparked an endless flame
A spirit bright, a love so strong and true
Every memory shining, Ziva, just for you

Bridge

Thank you, best little girl, for all you gave to me
Your unconditional love, set my own spirit free
A precious bond, a comfort deep and vast

Ziva's Loving Heart (continued)

Memories of your sweet heart forever surely last

Instrumental - ukulele, percussion

Final Chorus

Oh, sweet Ziva, my heart still sings your name
Through twelve precious years, you sparked an endless flame
A spirit bright, a love so strong and true
Every memory shining, Ziva, just for you

Outro

Now I hope you're running free, with joy in every stride
Playing without end, somewhere vast and wide
Chasing sunbeams, happy, light, and gay
Until we meet again someday.

Outro - guitar fade

Forever in our hearts
