Aldo's Forever Sunbeam

A Tribute Song

Intro - piano, acoustic guitar

Verse 1

Like a shadow, you were always near,
A little Frenchie, chasing every fear.
Waiting by the shower, a watchful eye,
Beneath the sunbeams, watching clouds go by.
A faithful companion, true and bold,
Stories of your love will always be told.
From chicken nuggets to bananas sweet,
You'd lick my leg, a daily, loving treat.

Chorus

Oh, Aldo, my big boy, so dear,
Almost eleven beautiful years.
A gentle paw, a loving gaze,
You filled my life with sunny days.

Verse 2

On the recliner, side by side we'd lie,
Between my legs, beneath the blanket, snug and high.
Cuddled in close, as darkness fell,
A soft lullaby, casting its magic spell.
Warm and cozy, tucked away from the cold,
A precious bond, worth more than gold.
Every night you were right by my side,
My dearest friend, my gentle guide.

Chorus

Oh, Aldo, my big boy, so dear,
Almost eleven beautiful years.

Aldo's Forever Sunbeam (continued)

A gentle paw, a loving gaze,
You filled my life with sunny days.

Verse 3

Car rides were a joy, just you and me,
My little helper, busy as could be.
A funny habit, by the post you'd mark,
Then off we'd wander, to the neighborhood park.
Curled by the chimney, safe from winter's chill,
A sleepyhead, wanting to stay warm still.
From that first day home, a love so deep,
Precious memories my heart will keep.

Chorus

Oh, Aldo, my big boy, so dear,
Almost eleven beautiful years.
A gentle paw, a loving gaze,
You filled my life with sunny days.

Bridge

Big boy, I love and miss you so much,
Missing your warmth, your comforting touch.
You were always there, a steady light,
Guiding me through the day and night.

Instrumental - piano, synth pad

Final Chorus

Oh, Aldo, my big boy, so dear,
Almost eleven beautiful years.
A gentle paw, a loving gaze,
You filled my life with sunny days.

Outro

Now running free, light as a breeze,
Chasing sunbeams through endless trees.
No more pain, just peace so deep,
Forever in my heart, you'll softly sleep.

Forever in our hearts
