

Remembering Ollie

Custom Pet Memorial Songs

Kaia's Heavenly Grass

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

I just had to call your name, a whisper soft and low,
Then on the floor, a happy thump, so I would always know.
My furry Goldendoodle friend was never far from sight,
Your joyful tail would beat the ground, a comforting delight.

Chorus

Oh, Kaia, Kaia, precious one, a decade by my side,
Ten years of laughter, sun, and fun, with nowhere left to hide.
My heart still aches, a gentle plea, for memories we shared,
My sweet Goldendoodle, wild and free, beyond all pain and cared.

Verse 2

Each day I came back home to you, a ritual so sweet,
A pair of socks, a welcoming cue, laid softly at my feet.
A playful greeting, full of grace, your eyes would shine so bright,
Bringing joy to every space, filling days with pure delight.

Chorus

Oh, Kaia, Kaia, precious one, a decade by my side,
Ten years of laughter, sun, and fun, with nowhere left to hide.
My heart still aches, a gentle plea, for memories we shared,
My sweet Goldendoodle, wild and free, beyond all pain and cared.

Bridge

My Baby Kaia, black angel true, my little Eyeore too,
I love you so, thank you for all, in everything you do.
Please find me again someday, across the starry sky,

Kaia's Heavenly Grass (continued)

Until that time, I'll pray and say, my darling, don't goodbye.

Instrumental - acoustic guitar, banjo

Final Chorus

Oh, Kaia, Kaia, precious one, a decade by my side,
Ten years of laughter, sun, and fun, with nowhere left to hide.
My heart still aches, a gentle plea, for memories we shared,
My sweet Goldendoodle, wild and free, beyond all pain and cared.

Outro

Now you're rolling in the grass, so tall and fresh and green,
The wind upon your lovely face, a beautiful, peaceful scene.
No pain or struggle, just pure air, beneath the skies above,
My sweet Kaia, without a care, surrounded by our love.

Outro - guitar fade

Forever in our hearts
