# Ernie, Aqui!

*A Tribute Song*

---

**Intro - acoustic guitar, banjo**

**Verse 1**

You came into my life on a special Leap Day start  
A little Basset, you stole my whole heart  
Always looking up, with a happy, trusting gaze  
You brightened all my training days  
You'd come with me to work, a partner, loyal and true  
Showing clients what a good boy could do  
A demo dog, so patient, bright and keen  
The best companion I had ever seen.

**Chorus**

Oh, Ernie, my sweet friend, my heart still sings your name  
Through four years, four months, your love a constant flame  
You were my best friend, I truly felt it too  
Ernie, Aqui! My love will always be for you.

**Verse 2**

The morning stir, a movement, soft and low  
Your happy face would instantly glow  
No matter where you were, far in the house or yard  
My call of "Ernie, Aqui!" was never hard  
Just two seconds later, a tap-tap on the floor  
Those toenails clicking, running to my door  
Tongue hanging out, ears flying in the breeze  
You'd rush to me, putting my heart at ease.

**Chorus**

Oh, Ernie, my sweet friend, my heart still sings your name  
Through four years, four months, your love a constant flame

---

*Ernie, Aqui! (continued)*

You were my best friend, I truly felt it too  
Ernie, Aqui! My love will always be for you.

**Bridge**

You made me feel so special, my heart would truly soar  
A bond like ours, I couldn't ask for more  
The last words whispered, soft and bittersweet  
"Ernie, Aqui! Good Boy!" My love, complete.

**Instrumental - acoustic guitar, banjo, drums**

**Final Chorus**

Oh, Ernie, my sweet friend, my heart still sings your name  
Through four years, four months, your love a constant flame  
You were my best friend, I truly felt it too  
Ernie, Aqui! My love will always be for you.

**Outro**

Now you're up there telling stories, brave and bold  
How cool your mom is, stories to unfold  
With cookies for all friends, a happy, wagging tail  
On laps of loved ones, beyond life's earthly veil  
Getting belly rubs, peaceful, soft, and deep  
In endless fields of joy, my sweet Ernie sleeps.

**Outro - guitar fade**

*Forever in our hearts*
