Buddy's Golden Horizon

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

Twelve years ago, a tiny ball of gold
A sleepy puppy, stories yet untold
In my lap you settled, warm and deep
Little paws would twitch, lost in puppy sleep

Chorus

Oh, Buddy, twelve sweet years we shared
A love so true, beyond compare
Your golden spirit, ever bright
Still shines within my heart's soft light

Verse 2

Each morning dawned, a joyful sight
Your tennis ball, a morning's light
Tail wagging hard, your body swayed
Our park walks, memories we made

Chorus

Oh, Buddy, twelve sweet years we shared
A love so true, beyond compare
Your golden spirit, ever bright
Still shines within my heart's soft light

Bridge

You were the best boy, loyal and true
Thank you, dear Buddy, for choosing us, it's true
A quiet promise, whispered low and deep

Buddy's Golden Horizon (continued)

We'll meet again someday, where memories sleep

Instrumental - piano, strings, harmonica

Final Chorus

Oh, Buddy, twelve sweet years we shared
A love so true, beyond compare
Your golden spirit, ever bright
Still shines within my heart's soft light

Outro

Now you're running free, across the fields of green
Chasing butterflies, a joyful, peaceful scene
Splashing streams of crystal, pure and bright
Waiting there for us, in the eternal light

Outro - piano fade, acoustic guitar, gentle strings

Forever in our hearts
