Tamie's Green-Eyed Flight

A Tribute Song

Intro - acoustic guitar, ukulele

Verse 1

Her little minou, a gentle plea
A whisper soft for love to be
A wonderful cat, so full of grace
Just wanting to live, in this peaceful space

Chorus

Oh, Tamie, with your spirit bright
Six years you filled our lives with light
A little star, now soaring free
You'll always live inside of me

Verse 2

This little peste, with eyes so keen
A mischievous heart, the sweetest ever seen
A wealth of love, you freely gave
A tiny queen, so wild and brave

Chorus

Oh, Tamie, with your spirit bright
Six years you filled our lives with light
A little star, now soaring free
You'll always live inside of me

Bridge

No small apartment holds you now, my dear
The whole wide world, for you to conquer, clear
With CADO, Roméo, Teddy, Grissou and Amichat, your old friends wait

Tamie's Green-Eyed Flight (continued)

And Gigi and Lynda, watching, sealed by fate
My heart forever holds your trace
In every moment, time and space

Instrumental - ukulele, drums

Final Chorus

Oh, Tamie, with your spirit bright
Six years you filled our lives with light
A little star, now soaring free
You'll always live inside of me

Outro

Those emerald eyes, a final glance
On that cold table, a bittersweet trance
Now soaring high, with brand new wings
Fly Tamie, fly, new joy life brings
With new friends waiting, light and free
Forever flying, wild and free

Outro - ukulele fade

Forever in our hearts
