Bleu's Gentle Gaze

A Tribute Song

Intro - piano, cello

Verse 1

From the start, a loving soul so deep,
With all her toy "babies" she would keep.
A gentle spirit, strong and true,
Our darling girl, our sweet Bleu'.
A tender heart, a loving grace,
Always found a special place.
With every wag and every purr,
No truer friend could e'er occur.

Chorus

Oh, Bleu', our dear and loving friend,
For twelve sweet years, 'til journey's end.
Your gentle spirit, shining bright,
Guiding us through darkest night.
Bleu', with eyes so deep and wise,
A love that never truly dies.

Verse 2

You'd meet our gaze, just listen in,
A big toothy smile, where joy would begin.
Mimicking our lips, a knowing stare,
As if our every thought you'd share.
For car rides and walks, your heart would soar,
Even baby bunnies you'd adore.
Intelligent and wise, a spirit grand,
The tenderest dog throughout the land.

Chorus

Bleu's Gentle Gaze (continued)

Oh, Bleu', our dear and loving friend,
For twelve sweet years, 'til journey's end.
Your gentle spirit, shining bright,
Guiding us through darkest night.
Bleu', with eyes so deep and wise,
A love that never truly dies.

Bridge

And as you left, a whisper true,
"I love you, and I'll always be by your side."
Beyond the veil, 'til we meet anew,
"See you on the other side."

Instrumental - piano, strings

Final Chorus

Oh, Bleu', our dear and loving friend,
For twelve sweet years, 'til journey's end.
Your gentle spirit, shining bright,
Guiding us through darkest night.
Bleu', with eyes so deep and wise,
A love that never truly dies.

Outro - piano fade

Now by your pool, in peaceful sleep,
Watching baby bunnies, secrets to keep.
Beneath the glow of Christmas light,
You taught Sally Ann and Ryley Ceilla, day and night.
That life was good, and learning's key,
To live with joy, wild and free.
Run free now, sweet and wise old friend,
Your love with us will never end.

Forever in our hearts
