

Remembering Ollie

Custom Pet Memorial Songs

Stark's Gentle Heart

A Tribute Song

Intro - piano, cello

Verse 1

A doberman so regal, with a gentle, soft paw,
You came into our lives, defying every law.
A velcro soul baby, a cuddle bug so sweet,
Our indoor guardian, making life complete.
With playful spirit, soft and kind,
The purest love we'd ever find.
A therapy blessing, beautiful and true,
Our world was brighter, simply having you.

Chorus

Oh, Stark, our dear heart, a love so pure and deep,
Six precious years of memories we'll forever keep.
Your loving spirit shines, a gentle, guiding light,
Watching over us now, through the day and through the night.

Verse 2

Twenty-four hours, every single day,
You never left our side, choosing to always stay.
An adventurous soul, curious and bold,
Stories of your compassion forever to be told.
Every single moment, a blessing from above,
You filled our home with endless, patient love.
You truly were a gift, a dream come true,
Our faithful friend, so loving and so true.

Chorus

Oh, Stark, our dear heart, a love so pure and deep,
Six precious years of memories we'll forever keep.

Stark's Gentle Heart (continued)

Your loving spirit shines, a gentle, guiding light,
Watching over us now, through the day and through the night.

Bridge

We will love you forever, our precious boy,
Thank you for all the boundless love and joy.
We are so sorry we couldn't save your light,
We wish you were here, healthy, happy, and bright.
Pain-free and peaceful, close within our sight,
Forever in our hearts, our guiding star so bright.

Instrumental - piano, cello, soft bell tones

Final Chorus

Oh, Stark, our dear heart, a love so pure and deep,
Six precious years of memories we'll forever keep.
Your loving spirit shines, a gentle, guiding light,
Watching over us now, through the day and through the night.

Outro

We know you're missing home, missing us, it's true,
But watching down from heaven, we know you see us through.
From life on earth to peace above,
Resting now, surrounded by our love.

Outro - piano fade

Forever in our hearts
