

Remembering Ollie

Custom Pet Memorial Songs

Hana's Endless Shores

A Tribute Song

Intro - acoustic guitar, ukulele

Verse 1

I remember the day you came to stay
A quiet, proud spirit in every way
With confidence in your gentle stride
A loyal companion walking by my side

Chorus

Oh, Hana, sweet Hana, a light so bright
Sixteen years you filled my world with light
We're celebrating the joy you brought
A love that could never be bought

Verse 2

Every moment we shared, a precious dream
But our beach walks, the happiest, it would seem
Salty air, paws in the sand so fine
Those sunny days, a memory divine

Chorus

Oh, Hana, sweet Hana, a light so bright
Sixteen years you filled my world with light
We're celebrating the joy you brought
A love that could never be bought

Bridge

Go chase squirrels, bunnies, and sunsets for me
I'll find you again someday, I know we will, you see
Across the rainbow bridge, where you run so free

Hana's Endless Shores (continued)

Waiting there, just for me

Instrumental - ukulele, drums

Final Chorus

Oh, Hana, sweet Hana, a light so bright
Sixteen years you filled my world with light
We're celebrating the joy you brought
A love that could never be bought

Outro

Now running free on endless beaches and snow
With friends by your side, a joyful glow
Chasing the sun, across the sky so wide
Forever in my heart, my sweet Hana, my guide

Outro - acoustic guitar fade

Forever in our hearts
