

Remembering Ollie

Custom Pet Memorial Songs

Saya's Endless Summer

A Tribute Song

Intro - ukulele, light percussion

Verse 1

I remember when I walked through the door
A wagging tail always wanting more
You were waiting there, so eager and bright
My sweet Shepherd, a joyful sight
For an adventure, you were always keen
A dog park, a walk, or a beach scene
Mellow and open, up for anything
A gentle nuzzle, when my heart would sting

Chorus

Oh, Saya, my girl, for thirteen long years
You chased away shadows, and dried all my tears
A light in my life, so pure and so true
A love like no other, I found it in you

Verse 2

Those morning trips, to the dog park we'd go
A social butterfly, putting on a show
Making friends with every dog and person there
A joyful spirit beyond compare
If you were human, they'd say you lit up a room
Chasing away every bit of gloom
Never a stranger, just a friend you hadn't met
The brightest star in my sky, my sweet pet

Chorus

Oh, Saya, my girl, for thirteen long years
You chased away shadows, and dried all my tears

Saya's Endless Summer (continued)

A light in my life, so pure and so true
A love like no other, I found it in you

Bridge

I love you and I miss you so dang much, it's true
I hope when it's my time, I'll be greeted by you
To hug you one last time, that's my dearest plea
Until then, my sweet girl, watch over me

Instrumental - ukulele, acoustic guitar

Final Chorus

Oh, Saya, my girl, for thirteen long years
You chased away shadows, and dried all my tears
A light in my life, so pure and so true
A love like no other, I found it in you

Outro

Now you're running free, with joy in your stride
Retrieving balls from the water, nowhere to hide
With three tennis balls, crammed in your mouth, oh my
That puppy energy, reaching for the sky
Forever in the sun, my best friend, my dear
Always in my heart, keeping your memory near

Ukulele fade

Forever in our hearts
