Sophie's Gentle Glow

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

From a barn, a beauty came to stay,
A tortie coat brightened every day.
With extra toes, you danced with grace,
My soul pet found her sacred place.
A feline wonder, soft and grand,
The prettiest cat in all the land.
From that first glance, my heart took hold,
A precious story, brave and bold.

Chorus

Oh, Sophie, my sweet girl, eighteen years we knew,
Every moment with you felt so true.
A love like sunshine, warm and bright,
You filled my world with pure delight.

Verse 2

When shadows fell and days felt long,
Your purring rhythm was my favorite song.
Beside me napping, soft and deep,
The peaceful secrets we would keep.
A gentle comfort, close and near,
You banished every worry, every fear.
In quiet moments, side by side,
With you, my heart would always hide.

Chorus

Oh, Sophie, my sweet girl, eighteen years we knew,
Every moment with you felt so true.

Sophie's Gentle Glow (continued)

A love like sunshine, warm and bright,
You filled my world with pure delight.

Bridge

I loved you your whole life, it's plain to see,
And miss you fiercely, the rest of mine, for me.
You took a piece of heart, a loving trace,
One day I'll find you, in that precious place.
To get it back, and hold you close again,
My dearest friend, beyond the rain.

Instrumental - acoustic guitar, mandolin

Final Chorus

Oh, Sophie, my sweet girl, eighteen years we knew,
Every moment with you felt so true.
A love like sunshine, warm and bright,
You filled my world with pure delight.

Outro

Now in a sunbeam, warm and low,
You watch the birds, a gentle glow.
At Rainbow Bridge, you wait for me,
Forever free, across the sea.
Sweet Sophie, dreaming, soft and deep,
While timeless promises we keep.

Outro - guitar fade

Forever in our hearts
