Ammo's Golden Horizon

A Tribute Song

Intro - ukulele, glockenspiel

Verse 1

My little Doxie, spirit bright
A tiny shadow, full of light
The first time that you caught my eye
Standing tall beneath the sky
On tiny legs, a joyful plea
Begging sweetly, just for me
A moment etched, forever true
My heart was captured then by you

Chorus

Oh, Ammo, sweet and loyal friend
Our 15 years would never end
A celebration, strong and clear
Your love still shining, always near

Verse 2

No matter where my day would lead
You were the comfort that I'd need
The door would open, you'd be there
A happy dance, beyond compare
With wagging tail and joyful sound
The happiest pup on solid ground
Your spirit bright, a constant gleam
You lived a truly happy dream

Chorus

Oh, Ammo, sweet and loyal friend
Our 15 years would never end

Ammo's Golden Horizon (continued)

A celebration, strong and clear
Your love still shining, always near

Bridge

Though silence fills the space you knew
My heart still whispers, 'Love you'
A precious bond, a sacred vow
I feel your comfort, even now

Instrumental - acoustic guitar, ukulele

Final Chorus

Oh, Ammo, sweet and loyal friend
Our 15 years would never end
A celebration, strong and clear
Your love still shining, always near

Outro

Across the rainbow, bright and free
You run with joy, for all to see
No pain, no sorrow, just pure grace
A smile forever on your face

Outro - ukulele fade

Forever in our hearts
