

Remembering Ollie

Custom Pet Memorial Songs

Thor and Sierra's Gentle Slumber

A Tribute Song

Intro - piano, acoustic guitar

Verse 1

From the start, two Pitt bull hearts, so funny and so sweet
A brother and a sister, our little family complete
Oh, Thor, my playful shadow, blankets never stood a chance
Sierra, spoiled and watching, caught in a kitchen trance

Chorus

Thor and Sierra, my sweet pair
Nine and eleven years, beyond compare
You filled our lives with so much light
Erickson's loved ones, day and night

Verse 2

When treats were whispered, you'd come running, a happy, eager sight
Thor, drifting off beside me, soft naps, peaceful and so light
And Sierra, ever loyal, always by Erickson's side
A bond so deep and tender, nowhere left to hide

Chorus

Thor and Sierra, my sweet pair
Nine and eleven years, beyond compare
You filled our lives with so much light
Erickson's loved ones, day and night

Bridge

My babies, I miss you, through the quiet of the day
I whisper my love, hoping it finds its way
A part of my heart, you'll forever hold

Thor and Sierra's Gentle Slumber (continued)

A story of devotion, more precious than gold

Instrumental - piano, acoustic guitar, harmonica

Final Chorus

Thor and Sierra, my sweet pair
Nine and eleven years, beyond compare
You filled our lives with so much light
Erickson's loved ones, day and night

Outro

Now you're running free, waiting for us, I know it's true
Until we meet again, my darling two
Rest easy, my sweet angels, in the softest dream you keep
While the world grows quiet, and we fall to sleep

Outro - piano fade

Forever in our hearts
