Intro - ukulele, acoustic guitar

Verse 1

I remember the first time, your kind eyes met mine
A loving chihuahua, a spirit divine
So funny and sweet, so appreciative too
Our best little soul, everything sparkled with you
You'd snuggle so close, a soft, cozy dream
Sleeping right by us, a wonderful theme
So smart and so strong, a joy to behold
A love for your belly rubs, a story untold

Chorus

Oh Pearlie, our darling, our brightest star clear
One week shy of twelve years, you graced us right here
You shone like no other, a beacon so bright
Filling our days with your beautiful light

Verse 2

Your love for all food, and a yummy sweet treat
Pineapple sorbet, a joy pure and sweet
Your walks in the sunshine, your stroller so grand
You loved every moment across all the land
You lived life so fully, with spirit so free
The happiest Pearlie, for all eyes to see
A one-of-a-kind, a gift from above
Surrounded always by infinite love

Chorus

Pearlie's Brightest Star (continued)

Oh Pearlie, our darling, our brightest star clear
One week shy of twelve years, you graced us right here
You shone like no other, a beacon so bright
Filling our days with your beautiful light

Verse 3

You loved your dear Auntie, so special and kind
The best yummy cheese, was what you would find
With stroller or trot, you'd make your sweet way
Up the ramp you would go, to brighten her day
Auntie was waiting, with love in her hand
The most delicious treat, throughout all the land
Thanking her always, for moments so bright
Shining with happiness, pure joy and light

Bridge

I love you so much, thank you for being in my life
You healed every heartache, you soothed every strife
Thank you for choosing, our Mama and Dada, it's true
We'll meet by that star, the sparkliest, brightest with you
I'll see you each night, and whisper goodnight, my dear

Ukulele Solo

Final Chorus

Oh Pearlie, our darling, our brightest star clear
One week shy of twelve years, you graced us right here
You shone like no other, a beacon so bright
Filling our days with your beautiful light

Outro - glockenspiel, ukulele fade

Now running and playing, with Teddy so near
Enjoying your life, no more sorrow or fear
You're having such fun, forever you'll roam
Until we all meet, our sweet Pearlie, at home.
