

Remembering Ollie

Custom Pet Memorial Songs

Princess, My Quiet Rescuer

A Tribute Song

Intro - acoustic guitar, mandolin

Verse 1

With a little pug face and a heart so grand
You brought such joy throughout the land
A tiny rumble, a signal so clear
Dispelling every worry and every fear
Head thrown back, like a wolf in the wild
A barely audible howl, so sweet and mild
That little indoor voice, a precious sound
The cutest greeting, ever to be found

Chorus

Oh, Princess, my dear, it's true
Ten short years, I spent with you
A love so pure, a bond so deep
Memories of you, my heart will keep

Verse 2

You never had pups, but your love knew no bounds
With newborn puppies, joy always was found
The best surrogate mama, gentle and kind
A nurturing spirit, one of a kind
Every night, your "babies" you'd embrace
Stuffed toys gathered, in their special place
Tucked in your bed, a loving command
The most tender mother, throughout the land

Chorus

Oh, Princess, my dear, it's true
Ten short years, I spent with you

Princess, My Quiet Rescuer (continued)

A love so pure, a bond so deep
Memories of you, my heart will keep

Bridge

I love you so much, my sweet, gentle friend
I know you are safe, until the very end
My first rescue, but you rescued me, it's plain
A better person because of you, through joy and pain

Instrumental - mandolin, harmonica

Final Chorus

Oh, Princess, my dear, it's true
Ten short years, I spent with you
A love so pure, a bond so deep
Memories of you, my heart will keep

Outro

Once a mama dog, always true
Running and playing, with babies anew
Comforting lost souls, with a gentle grace
In a peaceful meadow, finding your place

Outro - guitar fade

Forever in our hearts
