Puppup's Gentle Sleep

A Tribute Song

Intro - classical guitar, piano

Verse 1

The first time our eyes ever met,
A bond of pure love was set.
You were a beautiful, gentle soul,
Making my broken heart whole.
Your warm brown eyes, a steady gaze,
Filled my world with brighter days.
A loyal friend, steadfast and true,
My heart always belonged to you.

Chorus

Oh, Puppup, my dear, my sweet friend,
Eight precious years until the end.
Your memory, a soft, guiding light,
Shines in my dreams through the longest night.

Verse 2

We shared so many special times,
Through whispered words and gentle rhymes.
Each morning sunrise, soft and new,
Was brighter just because of you.
A quiet walk, a gentle sigh,
Beneath the vast and endless sky.
Those moments etched within my mind,
The sweetest comfort I could find.

Chorus

Oh, Puppup, my dear, my sweet friend,
Eight precious years until the end.

Puppup's Gentle Sleep (continued)

Your memory, a soft, guiding light,
Shines in my dreams through the longest night.

Bridge

I loved you for all of your yesterday's,
I loved you for all of your today's.
And I will love you for all of my tomorrow's,
Through every joy and every sorrow.

Instrumental - piano, classical guitar

Final Chorus

Oh, Puppup, my dear, my sweet friend,
Eight precious years until the end.
Your memory, a soft, guiding light,
Shines in my dreams through the longest night.

Outro

Now you are safe, gently dreaming there,
At peace in God's loving care.
Running freely on golden plains,
Released from all earthly pains.

Outro - classical guitar fade
