Verse 1

Ten years ago, a new friend came to stay,
You'd jump in bed at the close of day.
Under the comforter, snuggled in tight,
Then morning came with the sun's first light.
I'd lift the blanket, and there was your face,
A look of pure joy, filling up space.
Dreaming of water, the pool so grand,
"Go swim!" was the word you longed to command.

Chorus

Oh, Luna, dear Luna, ten years by my side,
With every happy splash, you were our guide.
Your spirit so bright, a sunbeam through tears,
We'll cherish your memory through all of our years.

Verse 2

Every morning, a sweet, gentle start,
Your cuddles and kisses, straight to my heart.
Waiting at the door, with your tail's happy beat,
Running with toys, oh so wild and so sweet.
Tug-of-war games with your friend Cooper,
Throwing the pillows, a happy trouser.
Rolling on your tummy, a big, happy smile,

Luna's Sunny Splash (continued)

Just waiting to hear "OK, go swim!" for a while.

Chorus

Oh, Luna, dear Luna, ten years by my side,
With every happy splash, you were our guide.
Your spirit so bright, a sunbeam through tears,
We'll cherish your memory through all of our years.

Verse 3

On the couch each evening, with blankets so warm,
We'd share quiet moments, safe from any storm.
Your head on my lap, a gentle, soft sigh,
Just cuddling close, as the hours went by.
So full of love, a heart pure and true,
Every day was a gift, spent laughing with you.

Verse 4

In the pool, you soared like a dream,
A chaser of splashes, queen of the stream.
At the sound of "swim," you'd leap with delight,
A watery ballet, bathed in morning light.

Verse 5

With Deedee, your favorite, you'd run and you'd spin,
Always having fun, with a joy deep within.
You loved her so tight, a bond strong and true,
Now the house feels so empty, still missing you.

Bridge

Now free from all pain, a whisper I send,
Go find your dear Mazze, my beloved friend.
She's been waiting for you, beyond the blue sky,
To swim side by side, as the moments fly.

Instrumental - ukulele, sparkling synths

Final Chorus

Oh, Luna, dear Luna, ten years by my side,
With every happy splash, you were our guide.
Your spirit so bright, a sunbeam through tears,
We'll cherish your memory through all of our years.

Outro - ukulele fade

Luna's Sunny Splash (continued)

Now you're swimming free in an endless bright pool,
With Mazze, your bestie, forever so cool.
Jumping and thrashing, no sorrow or pain,
Til we meet again, again, again.
