Soli Jo's Loyal Light

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

An English Lab, with eyes so kind,
The sweetest soul, a loyal find.
I still recall that softest touch,
Your nose would lift my arm so much.
Just snuggled close upon the couch,
No doubt or fear, no hint of slouch.
A gentle nudge, a silent plea,
To stay right there, just you and me.

Chorus

Oh, Soli Jo, my baby girl,
You brightened up my whole wide world.
For twelve long years, you stood so true,
My heart still aches and yearns for you.

Verse 2

Each time I walked back through the door,
A happy bounce across the floor.
Your wagging tail, a joyful sign,
Your loyal spirit, truly divine.
That happy dance, it never ceased,
My burdens then, they were released.
A gentle soul, so sweet and pure,
A love like yours, forever will endure.

Chorus

Oh, Soli Jo, my baby girl,
You brightened up my whole wide world.

Soli Jo's Loyal Light (continued)

For twelve long years, you stood so true,
My heart still aches and yearns for you.

Verse 3

A big strong girl, you'd find my lap,
I'd stay so still, not even tap.
Your sleepy tongue, a charming sight,
Or side-eye glance, so keen and bright.
You loved each soul, no stranger's fear,
You wiped away each doubt and tear.
You taught my heart, a better way,
To love like you, come what may.

Chorus

Oh, Soli Jo, my baby girl,
You brightened up my whole wide world.
For twelve long years, you stood so true,
My heart still aches and yearns for you.

Bridge

How much I miss your loving way,
Life's not the same since you're away.
You came into my hands so small,
And left in my arms, having given your all.
Through hardest times, you helped me see,
Now a shattered piece of my heart's with thee.

Harmonica Solo

Final Chorus

Oh, Soli Jo, my baby girl,
You brightened up my whole wide world.
For twelve long years, you stood so true,
My heart still aches and yearns for you.

Outro - acoustic guitar fade

In heaven now, where joy takes flight,
With Rory, Sebastian, bathed in light.
Close to my mom, with soft belly rubs,
My sweet Soli Jo, forever in our loves.
Running free and dreaming deep,
Your loyal light, my heart will keep.
