Winston's Free Spirit

A Tribute Song

Intro - acoustic guitar, ukulele

Verse 1

On the front steps, a brave little bark,
You stood guard there, leaving your mark.
A Jack Russell spirit, vibrant and bold,
A story of loyalty, bravely told.

Chorus

Oh, Winston, my boy, seven sweet years,
You chased away shadows, you banished all fears.
Your spirit still shines, a joyful bright ray,
We celebrate the love you brought every day.

Verse 2

With eyes that looked deep, you saw through my pain,
Helped me stand strong through sunshine and rain.
That click of your claws, up the hall, what a sound,
And when you ran off, mischief was found.

Chorus

Oh, Winston, my boy, seven sweet years,
You chased away shadows, you banished all fears.
Your spirit still shines, a joyful bright ray,
We celebrate the love you brought every day.

Bridge

Though my heart feels a bittersweet ache,
For your playful spirit, for goodness sake.
The whisper I hear, gentle and true,

Winston's Free Spirit (continued)

"Go run free, my love, I'll always miss you."

Instrumental - ukulele, glockenspiel

Final Chorus

Oh, Winston, my boy, seven sweet years,
You chased away shadows, you banished all fears.

Your spirit still shines, a joyful bright ray,
We celebrate the love you brought every day.

Outro

Now you're running free, light as the air,
No burdens or worries, no sorrow or care.
Just endless green fields, under skies so blue,
Our beloved Winston, forever brand new.

Outro - guitar fade
