Buddy's Gentle Shadow

A Tribute Song

Intro - piano, cello

Verse 1

A rescued shadow, soft and true,
With eyes of chocolate, deep and new.
A little Shih Tzu, sweet and small,
You answered to my every call.
Those gentle brown eyes, a tender gaze,
Shone bright through all our happy days.
A quiet wonder, pure and deep,
A precious promise I would keep.

Chorus

Oh, Buddy, Buddy, my sweet friend,
Our nine years together knew no end.
Your loving spirit, always near,
You banished every doubt and fear.

Verse 2

The engine hummed, a joyful sound,
As car ride adventures we had found.
Your little sigh upon the seat,
Made every journey feel complete.
Looking out the window, side by side,
With open road, we'd gently glide.
A happy traveler, brave and bold,
More precious than pure gems or gold.

Chorus

Oh, Buddy, Buddy, my sweet friend,
Our nine years together knew no end.

Buddy's Gentle Shadow (continued)

Your loving spirit, always near,
You banished every doubt and fear.

Bridge

I whispered softly, in the air,
"I love you, you were beyond compare."
The best dog ever, it's so true,
My heart will always ache for you.

Instrumental - cello, piano

Final Chorus

Oh, Buddy, Buddy, my sweet friend,
Our nine years together knew no end.
Your loving spirit, always near,
You banished every doubt and fear.

Outro

Now you are sleeping, soft and deep,
Or running pathways, while I weep.
At perfect peace, beneath the sun,
Your loving, happy life is done.

Outro - piano fade
