Rudy's Sunny Splash

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

My Border Collie spirit, so bright and keen
A first memory, the best I'd ever seen
With wagging tail and boundless, joyful grace
A happy hug, a smile upon my face
Chasing sticks, by the water's edge you'd fly
Beneath the sun, beneath the summer sky

Chorus

Oh, Rudy, my boy, through fourteen golden years
You chased away my doubts, you dried my every tear
A splash of sunshine, a loyal, loving friend
A journey shared, right until the very end

Verse 2

On every path, our footsteps side by side
With you, my boy, I had nothing to hide
Your gentle leash pull, a quiet, knowing gaze
Through sunlit fields, in those sweet, familiar days
A happy pant, a heart so full and free
Just walking with you, meant the world to me

Chorus

Oh, Rudy, my boy, through fourteen golden years
You chased away my doubts, you dried my every tear
A splash of sunshine, a loyal, loving friend
A journey shared, right until the very end

Bridge

Rudy's Sunny Splash (continued)

I whispered softly, as you drifted far away
"I loved you so much, I'll see you again someday"
So wait for me, beyond that distant shore
My heart remembers, forevermore

Instrumental - piano, acoustic guitar

Final Chorus

Oh, Rudy, my boy, through fourteen golden years
You chased away my doubts, you dried my every tear
A splash of sunshine, a loyal, loving friend
A journey shared, right until the very end

Outro

Now you're flying free, where the waters gleam
Living out your best, dock diving dream
A happy splash, then peace, beneath the sun
My good boy, Rudy, your work is truly done

Outro - guitar fade
