

Remembering Ollie

Custom Pet Memorial Songs

Minnie's Warm Embrace

A Tribute Song

Intro - piano, acoustic guitar

Verse 1

You were my mother's first dear friend, a bond that time could never bend
A little girl with a spirit grand, held close within my mother's hand
From trips afar to walks in town, you'd never let my mother down
Through talks and shops, you were right there, a loyal shadow beyond compare

Chorus

Oh, Minnie, Minnie Molly, Dubba, Stankit, sweet and true
Eleven and a half years we spent, all because of you
My mother's best friend, her heart and soul
You made her broken spirit whole

Verse 2

You'd sleep beside her through the night, a comfort, warm, and shining bright
If ever she was out of sight, you'd whine until she came to light
Then tail a-wagging, full of glee, so happy just to finally see
The one you loved, your human mom, a calming, joyful, loving balm

Chorus

Oh, Minnie, Minnie Molly, Dubba, Stankit, sweet and true
Eleven and a half years we spent, all because of you
My mother's best friend, her heart and soul
You made her broken spirit whole

Bridge

Mommy wishes for one more day, to chase the clouds and gently play
"I love you, thank you," she whispers low, "for choosing me, my heart's soft glow"
"Love you, Dubba," her voice so slight, "you filled my world with pure delight"

Minnie's Warm Embrace (continued)

Instrumental - strings, piano

Final Chorus

Oh, Minnie, Minnie Molly, Dubba, Stankit, sweet and true
Eleven and a half years we spent, all because of you
My mother's best friend, her heart and soul
You made her broken spirit whole

Outro

Now free from pain, a spirit light, you run through fields of endless bright
Sleeping softly, safe and sound, forever cherished, love unbound

Outro - piano fade

Forever in our hearts
