Aladdin's Gentle Flight

A Tribute Song

Intro - piano, synth pads

Verse 1

From the moment you arrived, a whisper soft and low
A gentle soul in canine form, a light to make us glow
An angel sent to walk the earth, with quiet grace you'd roam
You found your haven in our hearts, you finally came home

Chorus

Oh, Aladdin, my sweet friend, for eight short years you stayed
A love like yours can never end, a melody softly played
You touched our lives in countless ways, a treasure true and deep
In every memory of those days, your spirit we will keep

Verse 2

Any time of day we spent, was precious as the sun
Your joy was in the open air, until the day was done
Running through the cedar trees, a blur of happy white
A silent dance among the leaves, bathed in the morning light

Chorus

Oh, Aladdin, my sweet friend, for eight short years you stayed
A love like yours can never end, a melody softly played
You touched our lives in countless ways, a treasure true and deep
In every memory of those days, your spirit we will keep

Bridge

From distant lands, a quiet start, a world you couldn't hear
But now in heaven, a brand new heart, with every sound so clear
No pain, no struggle, just pure bliss, a life lived to the full

Aladdin's Gentle Flight (continued)

I give to you this final kiss, "I love you now and forever," my soul

Instrumental - piano, strings

Final Chorus

Oh, Aladdin, my sweet friend, for eight short years you stayed
A love like yours can never end, a melody softly played
You touched our lives in countless ways, a treasure true and deep
In every memory of those days, your spirit we will keep

Outro - piano fade

Now you hear the gentle breeze, the birdsong in the sky
Running free beneath the trees, as endless moments fly
Peaceful rest, my dear, sweet boy, your journey now complete
Forever wrapped in boundless joy, your life divinely sweet

Forever in our hearts
