Mayson's Joyful Spirit

A Tribute Song

Intro - ukulele, acoustic guitar

Verse 1

Thirteen years, ten months, a journey so bright
From the very first moment, you filled me with light
I remember your greeting, a vision so sweet
A happy smile waiting, your tongue at your feet
A gentle Pit Bull, with a heart pure and true
My best boy Mayson, I loved everything you'd do
No sweeter welcome, could anyone find
Leaving paw prints of joy, on my heart and my mind.

Chorus

Oh Mayson, my Mayson, a spirit so free
For thirteen years, ten months, you brought joy to me
Your loving presence, a light in the dark
Leaving a beautiful, lasting mark
My Mayson, my Mayson, my dear furry friend
A bond like ours, will never truly end.

Verse 2

When nighttime arrived, and the day was complete
A special routine, so gentle and sweet
You'd look up at me, with soft, hopeful gaze
Asking permission, in your own quiet ways
To jump on the bed, my gentle big boy
My quiet companion, my comfort and joy
You'd settle beside me, a sigh and a lean
The best bedtime story, I'd ever have seen.

Chorus

Mayson's Joyful Spirit (continued)

Oh Mayson, my Mayson, a spirit so free
For thirteen years, ten months, you brought joy to me
Your loving presence, a light in the dark
Leaving a beautiful, lasting mark
My Mayson, my Mayson, my dear furry friend
A bond like ours, will never truly end.

Verse 3

Your bond with Catori, a beautiful sight,
Two loving spirits, shining ever so bright.
A fierce protector, through day and through night,
Ensuring our safety, with all of your might.
You'd stand by your family, with eyes keen and clear,
Dispelling our worries, banishing all fear.
A loyal companion, so steadfast and true,
Our hearts filled with gratitude, always for you.

Chorus

Oh Mayson, my Mayson, a spirit so free
For thirteen years, ten months, you brought joy to me
Your loving presence, a light in the dark
Leaving a beautiful, lasting mark
My Mayson, my Mayson, my dear furry friend
A bond like ours, will never truly end.

Bridge

Now I whisper goodbye, on the breeze, soft and low
Go run free, my special boy, and let your spirit glow
You will always have a piece of your daddy's heart, so true
A love unending, eternally for you.

Ukulele Solo

Oh Mayson, my Mayson, a spirit so free
For thirteen years, ten months, you brought joy to me

I see you now, beyond the bright sun
Running and swimming, your joyful race won
