Aussie's Forever Chase

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

From the moment that we met, your spirit shone so bright,
An Australian Cattle Dog, full of joy and light.
You'd chase that frisbee down, no throw was ever too far,
A blur across the field, a shining, happy star.
You'd leap and catch it mid-air, a marvel to behold,
A story of pure joy, in memories of old.
Your energy was endless, your focus sharp and true,
Every single moment was a brand new adventure with you.

Chorus

Oh, Aussie, my dear Aussie, your paw prints on my soul,
Sixteen years of puppy love, made my broken heart whole.
You taught me endless lessons, with every happy glance,
My best friend, my companion, in life's beautiful dance.

Verse 2

Through every passing season, no matter sun or rain,
You'd always show your love, to ease away the pain.
A gentle nudge, a happy bark, a look into my eyes,
Your devotion was a comfort, beneath the endless skies.
You had a special way, of making everything feel right,
Bringing warmth and sunshine, chasing shadows from the light.
A loyal, loving heart, so steadfast and so true,
Every moment with you, was a precious, treasured view.

Chorus

Oh, Aussie, my dear Aussie, your paw prints on my soul,
Sixteen years of puppy love, made my broken heart whole.

Aussie's Forever Chase (continued)

You taught me endless lessons, with every happy glance,
My best friend, my companion, in life's beautiful dance.

Bridge

Aussieotto, my sweet love, I whisper to the air,
I love you forever, a bond beyond compare.
A piece of you I carry, deep within my heart,
My dearest, loyal friend, though we are now apart.
Rest now, my love, in peace, your spirit soaring free.

Instrumental - harmonica solo, acoustic guitar

Final Chorus

Oh, Aussie, my dear Aussie, your paw prints on my soul,
Sixteen years of puppy love, made my broken heart whole.
You taught me endless lessons, with every happy glance,
My best friend, my companion, in life's beautiful dance.

Outro - acoustic guitar fade

Now I see you running free, where endless frisbees fly,
And your mom stands right beside you, beneath a peaceful sky.
You're jumping up with joy, with an excited, happy sound,
Waiting for the day we meet, where love knows no bounds.
Rest easy, my sweet girl, until we meet again.

Forever in our hearts
