Verse 1

The day you came, a gentle plea,
The finest beagle, sweet to see.
With floppy ears and soulful gaze,
You brightened all our coming days.

A quiet sniff, a happy sigh,
Beneath the vast and endless sky.
You taught us joy in simple ways,
Through all those precious, happy days.

Chorus

Oh, Sophie Sage, our love so true,
For twelve long years, we walked with you.
A guiding light, a gentle friend,
Our love for you will never end.

Verse 2

A happy wiggle, tail a blur,
The purest joy, no doubt, no fear.
Your heart so full, your spirit bright,
Filling our lives with pure delight.
A gentle nudge, a sleepy yawn,

Sophie's Gentle Tail (continued)

From early dusk till silver dawn.
A loyal shadow, always near,
Chasing away each tiny fear.

Chorus

Oh, Sophie Sage, our love so true,
For twelve long years, we walked with you.
A guiding light, a gentle friend,
Our love for you will never end.

Verse 3

The scent of home, a loving sigh,
Beneath your sweet and watchful eye.
A gentle nudge upon our hand,
The dearest friend in all the land.
Each quiet moment, soft and deep,
Secrets that only our hearts could keep.
A loyal love, a steadfast soul,
Making our broken spirits whole.

Chorus

Oh, Sophie Sage, our love so true,
For twelve long years, we walked with you.
A guiding light, a gentle friend,
Our love for you will never end.

Verse 4

Your softest fur, a gentle trace,
A calming comfort, filled with grace.
We loved your little beagle sounds,
As peace within our home was found.
Each day with you, a precious gift,
Our loving spirits, you would lift.
A loyal friend, steadfast and true,
Our hearts forever tied to you.

Chorus

Oh, Sophie Sage, our love so true,
For twelve long years, we walked with you.
A guiding light, a gentle friend,
Our love for you will never end.

Verse 5

A special girl, so very dear,

Sophie's Gentle Tail (continued)

You chased away our every fear.
Without a leash, you'd walk so near,
Your gentle spirit shining clear.
The best of beagles, through and through,
Our hearts belong to only you.
Your trusting nature, sweet and kind,
The dearest friend we'd ever find.

Chorus

Oh, Sophie Sage, our love so true,
For twelve long years, we walked with you.
A guiding light, a gentle friend,
Our love for you will never end.

Bridge

Now whispered words, across the air,
"We love and miss you," beyond compare.
A silent promise, held so tight,
Shining on us, both day and night.

Instrumental - piano, strings

Final Chorus

Oh, Sophie Sage, our love so true,
For twelve long years, we walked with you.
A guiding light, a gentle friend,
Our love for you will never end.

Outro - piano fade

No pain now, just a peaceful rest,
Watching over those you loved the best.
A little guardian, soft and deep,
While Mommy, Daddy, softly sleep.
Forever dreaming, calm and free.
