Sasha's Endless Chase

A Tribute Song

Intro - acoustic guitar, piano

Verse 1

From the day you arrived, a spirit so true,
Our loyal German Shepherd, strong and anew.
Our soul dog, our angel, guarding with grace,
A comforting presence in every space.

Chorus

Oh, Sasha, our girl, four wonderful years,
You filled up our lives and banished all fears.
A heart full of sunshine, a love so profound,
The happiest paw prints on hallowed ground.

Verse 2

The sound of my car, a signal you knew,
You'd jump at the door, a greeting so true.
Wagging and leaping, a joyful display,
Chasing the worries of my day away.

Chorus

Oh, Sasha, our girl, four wonderful years,
You filled up our lives and banished all fears.
A heart full of sunshine, a love so profound,
The happiest paw prints on hallowed ground.

Bridge

I'll find you again someday, my sweet friend,
Our beautiful story will never quite end.
Thank you for making us feel like a family,

Sasha's Endless Chase (continued)

Your love was a gift, wild and wonderfully free.

Banjo solo

Final Chorus

Oh, Sasha, our girl, four wonderful years,
You filled up our lives and banished all fears.
A heart full of sunshine, a love so profound,
The happiest paw prints on hallowed ground.

Outro

Now running free, chasing every single thing,
No more pain, just the joy that you bring.
Resting peacefully, or bounding with might,
Forever you'll shine, our beautiful light. [Outro - guitar fade]

Forever in our hearts
