Stella, My Sweet Dream

A Tribute Song

Intro - acoustic guitar, ukulele

Verse 1

The very first day, your eyes met mine,
A massive heart, a loving sign.
Merican bulldog, Cane Corso grace,
A gentle giant in every space.
I whispered softly, "I love you,"
"My precious angel," strong and true.
A bond was forged, deep and profound,
The purest friendship I had found.

Chorus

Oh, Stella, my sweet dream, my guiding light,
You filled my darkest days with brightest might.
Nine wonderful years, a precious gift,
Your memory brings my soul a lift.
You're sleeping by my side, though out of view,
My heart beats on, forever true.

Verse 2

In sunlit spots, you'd softly drift,
A quiet joy, a special gift.
Those afternoon naps, a peaceful art,
A gentle rhythm for my heart.
Your warm fur close, a comfort deep,
As silent promises we'd keep.
A simple love, so pure and bright,
My cherished companion, day and night.

Chorus

Stella, My Sweet Dream (continued)

Oh, Stella, my sweet dream, my guiding light,
You filled my darkest days with brightest might.
Nine wonderful years, a precious gift,
Your memory brings my soul a lift.
You're sleeping by my side, though out of view,
My heart beats on, forever true.

Bridge

"You will always be my sole baby," I'd say,
Through every night and every day.
A connection deeper than can be told,
A story precious as pure gold.
Though time may pass and seasons turn,
For your sweet spirit, I still yearn.

Instrumental - ukulele, acoustic guitar

Final Chorus

Oh, Stella, my sweet dream, my guiding light,
You filled my darkest days with brightest might.
Nine wonderful years, a precious gift,
Your memory brings my soul a lift.
You're sleeping by my side, though out of view,
My heart beats on, forever true.

Outro - acoustic guitar fade

Sleeping by my side, in gentle rest,
You put my troubled heart to test.
But peace is found, your journey done,
My dearest Stella, my shining sun.

Forever in our hearts
