Savvy's Little Steps

A Tribute Song

Intro - piano, glockenspiel

Verse 1

A little patter, soft and light,
Always there, day and night.
My tiny shadow, always near,
Chasing away every fear.
Wherever I would go or be,
You'd always come along with me.
Never left behind, my sweet small friend,
A loyal love until the end.

Chorus

Oh, Savvy, my dear heart so true,
Seven precious years I spent with you.
In every memory, you still shine bright,
A guiding star in my darkest night.

Verse 2

Our daily walkies, just us two,
To the green park, fresh and new.
With happy sniffs and curious stride,
So much adventure deep inside.
A little leg lifted, proud and bold,
Stories in every scent untold.
Those simple moments, pure and free,
The world was perfect, just with thee.

Chorus

Oh, Savvy, my dear heart so true,
Seven precious years I spent with you.

Savvy's Little Steps (continued)

In every memory, you still shine bright,
A guiding star in my darkest night.

Bridge

Run free now, my baby, light as air,
Mumma will remember, beyond compare.
Your days are filled with endless walkies, bright,
Forever chasing morning's light.

Instrumental - acoustic guitar, strings

Final Chorus

Oh, Savvy, my dear heart so true,
Seven precious years I spent with you.
In every memory, you still shine bright,
A guiding star in my darkest night.

Outro

Now at the park, so full of glee,
Smelling all the world, wild and free.
Doing his pees, without a care,
My precious Savvy, everywhere.
Sleeping softly, peaceful, calm,
Safe forever from all harm.

Outro - piano fade

Forever in our hearts
