Daphne's Gentle Dream

A Tribute Song

Intro - piano, strings

Verse 1

The day you came into our lives, a tiny, trusting friend
A furry shadow by our side, on you we could depend
With every wag and gentle sigh, you filled our home with grace
A loyal heart beneath the sky, finding your rightful place.

Chorus

Oh, Daphne, sweet Daphne, our love runs deep and true
Fourteen years of cherished moments, spent so close with you
Now you're sleeping softly, a dream beyond compare
Your memory lives on, floating in the air.

Verse 2

When day was done and I came home, your joy would light the room
No matter how far I would roam, you chased away the gloom
A happy dance, a wagging tail, a bark to say "hello"
Through every joy, through every wail, your faithful love would flow.

Chorus

Oh, Daphne, sweet Daphne, our love runs deep and true
Fourteen years of cherished moments, spent so close with you
Now you're sleeping softly, a dream beyond compare
Your memory lives on, floating in the air.

Bridge

Daphne, we're so grateful for the life you shared with us
Your love and service, pure and true, without a single fuss
My heart still whispers "I love you," a bond that will not cease

Daphne's Gentle Dream (continued)

May gentle dreams now carry you to everlasting peace.

Instrumental - piano, cello

Final Chorus

Oh, Daphne, sweet Daphne, our love runs deep and true
Fourteen years of cherished moments, spent so close with you
Now you're sleeping softly, a dream beyond compare
Your memory lives on, floating in the air.

Outro

Now running free on fields of green, no pain to hold you back
Chocolates and spaghetti, a joyous, carefree track
Sleep softly, dearest Daphne, in dreams both sweet and deep
A precious memory we'll forever keep.

Outro - piano fade
