Jake's Constant Heart

A Tribute Song

Intro - piano, acoustic guitar

Verse 1

I remember when we first met, your beautiful, knowing gaze
You looked at me with tender eyes through all those early days
As if I were the only one, the most important in the room
Chasing away my shadows, lifting every bit of gloom

Chorus

Oh, Jake, my dear, for eleven precious years
You were my soul dog, calming all my fears
My faithful companion, constant and true
A part of my heart will always be with you

Verse 2

Every moment with you was special, curled up by my side
Tucking you in on my pillow, nowhere left to hide
Your head in my lap, so content, just simple treats you'd crave
Like carrots and cucumbers, the best dog one could have
You understood my every thought, without a single word
You followed me from room to room, your presence always heard

Chorus

Oh, Jake, my dear, for eleven precious years
You were my soul dog, calming all my fears
My faithful companion, constant and true
A part of my heart will always be with you

Bridge

You will always be a part of me, a piece of my heart went with you

Jake's Constant Heart (continued)

My once-in-a-lifetime soul dog, a love completely new
I'll remember how deeply I love you, forever and always it's true
One day, we will meet again, my sweet, faithful you

Instrumental - cello, piano

Final Chorus

Oh, Jake, my dear, for eleven precious years
You were my soul dog, calming all my fears
My faithful companion, constant and true
A part of my heart will always be with you

Outro

Now you're running free and whole, on the Rainbow Bridge so bright
With sweet Bella Donna by your side, bathed in endless light
Rejoicing there, without a pain, no sorrow, fear, or strife
Just waiting for our reunion, in that blessed, peaceful life

Outro - piano fade

Forever in our hearts
