# Maverick, My Everyday Sun

*A Tribute Song*

---

**Intro - acoustic guitar, piano**

**Verse 1**

The first time we met, a little glance  
You took your stand, no second chance  
Right by the door, a loyal friend  
Your watchful love would never end  
A Staffy heart, so brave and bold  
A story waiting to unfold  
You blocked the path, a gentle plea  
Already home, you'd always be

**Chorus**

Oh, Maverick, my everyday sun  
Thirteen years, a journey won  
With every wag, a happy beat  
My life with you was always sweet

**Verse 2**

That happy bark, a welcome sound  
As soon as my car turned around  
You'd scold me gently, eyes so bright  
For leaving you, even for a night  
At the door, you'd always wait  
No matter if it's early or late  
A joyous dance, a hopeful gaze  
Through all our precious, passing days

**Chorus**

Oh, Maverick, my everyday sun  
Thirteen years, a journey won

---

*Maverick, My Everyday Sun (continued)*

With every wag, a happy beat  
My life with you was always sweet

**Bridge**

You were the best part of my day  
Chasing all the clouds away  
I loved you more than life itself  
My precious joy, my heart's own wealth

**Glockenspiel Solo**

**Final Chorus**

Oh, Maverick, my everyday sun  
Thirteen years, a journey won  
With every wag, a happy beat  
My life with you was always sweet

**Outro**

Now running free, a spirit bright  
No more seizures, pure delight  
With Cowboy, across the golden plains  
No sorrow touches, no more pains  
Just endless fields, beneath the blue  
Maverick, my heart runs with you

**Outro - acoustic guitar fade**

*Forever in our hearts*
