# Annie's Loving Embrace

*A Tribute Song*

---

**Intro - acoustic guitar, ukulele**

**Verse 1**

I remember the day, clear as can be  
How you first came and just wrapped around me  
A furry embrace, a loyal, soft plea  
My sweet Border Collie, forever with me.  
Fifteen years flew by, a blur and a dream  
You were always so close, it would always just seem  
That no matter the day, or whatever the scene  
You were my shadow, my loving queen.

**Chorus**

Oh Annie, sweet Annie, my heart's gentle tune  
Fifteen years we shared, beneath sun and moon  
You filled all my days, a beautiful boon  
My sweet Annie, a star, forever in bloom.

**Verse 2**

I'd lie down at night, the day's gentle close  
You'd sneak under covers, right there on my toes  
Your warm little body, a comfort that grows  
A secret we shared, as everyone knows.  
Your gentle breath soft, against my own skin  
A peaceful contentment, from deep down within  
My beautiful Annie, where do I begin  
To tell you the joy that you brought rushing in.

**Chorus**

Oh Annie, sweet Annie, my heart's gentle tune  
Fifteen years we shared, beneath sun and moon

---

*Annie's Loving Embrace (continued)*

You filled all my days, a beautiful boon  
My sweet Annie, a star, forever in bloom.

**Bridge**

Now I whisper your name, though you're not by my side  
"Annie bannanie, Mommy loves you," I confide.  
A bond woven deep, where my spirit can hide  
In the memories cherished, that joyously abide.  
Your love's gentle flame, a constant warm light  
Guiding my spirit through darkest of night.

**Instrumental - ukulele, guitar**

**Final Chorus**

Oh Annie, sweet Annie, my heart's gentle tune  
Fifteen years we shared, beneath sun and moon  
You filled all my days, a beautiful boon  
My sweet Annie, a star, forever in bloom.

**Outro**

You're a beautiful spirit, forever with me  
Running free in my heart, for all time to see.  
A whisper of joy, eternally free  
My sweet Annie, a part of me.

**Outro - guitar fade**

*Forever in our hearts*
