Charlie's Sweet Breeze

A Tribute Song

Intro - ukulele, acoustic guitar

Verse 1

The day you came, a tiny ball of fluff
You gave us more than we could ever ask enough
With every wag, a love we felt so true
And comfort bloomed, everything felt new
A happiness you brought with gentle paw
Obeying nature's sweetest, softest law
Our tiny friend, so bright and full of glee
The perfect joy, for all the world to see

Chorus

Oh, Charlie, five years flew like a sweet, soft breeze
You brought us sunshine, putting hearts at ease
A precious spirit, wild and free
Forever cherished, part of our family

Verse 2

Those special moments, zooming down the road
Your little face, so happy with the load
Head out the window, smelling every scent
A furry cannonball, on pure joy bent
With every turn, a yip of sheer delight
You made our journeys wonderfully bright
Your curly tail, a blur of happiness
Bringing us pure, sweet tenderness

Chorus

Oh, Charlie, five years flew like a sweet, soft breeze
You brought us sunshine, putting hearts at ease

Charlie's Sweet Breeze (continued)

A precious spirit, wild and free
Forever cherished, part of our family

Verse 3

Your loving spirit, shining ever bright
Filled every corner with a gentle light
You made our home a place we loved to be
So full of warmth for all the family
A joyful presence, always by our side
With you, dear Charlie, we felt so much pride
Each moment cherished, simply being near
You chased away our every doubt and fear

Bridge

And though you're gone, your spirit still remains
Through sunny days and gentle, falling rains
"Love you," I whispered, holding you so near
"And forever in my heart," I hold so dear

Ukulele Solo

Oh, Charlie, five years flew like a sweet, soft breeze
You brought us sunshine, putting hearts at ease
A precious spirit, wild and free
Forever cherished, part of our family

Now sleeping softly, bathed in golden light
Enjoying sunshine, endlessly bright
Across the rainbow, peaceful and serene
Our precious Charlie, always our queen
