Winston's Soft Embrace

A Tribute Song

Intro - piano, cello

Verse 1

From the moment you arrived, a fluffy, gentle friend
A shadow by my side, right until the end
Your eyes would follow mine, a loyal, constant gaze
You always wanted close, through all our passing days.

Chorus

Oh, Winston, my dear boy, for seven precious years
You filled my world with joy, and wiped away my tears
A love so pure and deep, a bond that will not fade
My heart you'll always keep, a promise softly made.

Verse 2

At night we'd talk the day, as cuddled in the bed
My hand upon your fur, comforting your head
Each morning you would lean, for loving gentle touch
Your tiny foot would stomp, wanting pets so much.

Chorus

Oh, Winston, my dear boy, for seven precious years
You filled my world with joy, and wiped away my tears
A love so pure and deep, a bond that will not fade
My heart you'll always keep, a promise softly made.

Bridge

I loved you with my whole heart, you brought me endless joy
And though we're now apart, my sweet and precious boy
I'll miss you forevermore, until that blessed day

Winston's Soft Embrace (continued)

We meet upon a shore, and never drift away.

Instrumental - piano, cello

Final Chorus

Oh, Winston, my dear boy, for seven precious years
You filled my world with joy, and wiped away my tears
A love so pure and deep, a bond that will not fade
My heart you'll always keep, a promise softly made.

Outro - piano fade

Now you eat your favorite treats, with Shaylee by your side
Running on happy feet, with nothing left to hide.
Resting peacefully and free, beneath the sky so wide.

Forever in our hearts
