A tiny shadow, so light and true
My favorite thing, I always knew
Sour cream and ice cream, a special treat
Every moment with you, oh so sweet

Chorus

Oh, Kylie, my sweet little friend
Fifteen years, right to the very end
A love like ours, a guiding light
Shining ever so bright, through day and night

Verse 2

Before we slept, the joy you'd bring
Across the bed, a playful thing
Running wild, with happy glee
Making precious memories for me

Chorus

Oh, Kylie, my sweet little friend
Fifteen years, right to the very end
A love like ours, a guiding light
Shining ever so bright, through day and night

Kylie's Starlight Gaze (continued)

Verse 3

With every glance, a love so pure
My heart's deep treasure, strong and sure
Fifteen years, a constant grace
Forever held within this sacred place

Bridge

My dearest one, my precious soul
You made my broken spirit whole
Mama loves you so much, my sweet girl
The brightest star in my whole world

Oh, Kylie, my sweet little friend
Fifteen years, right to the very end
A love like ours, a guiding light
Shining ever so bright, through day and night

Now I feel your gentle gaze
Through these quiet, misty days
Sleeping sound, or running free
Always here, inside of me

Forever in our hearts
