Simmy's Gentle Gaze

A Tribute Song

Intro - piano, acoustic guitar

Verse 1

We drove that day to find our precious girl
A little schnauzer, in her own small world
With a toy in her mouth, a muffled bark so sweet
You strutted right to us, swept us off our feet
We asked if you were trained, and you just had to pee
We laughed so hard, and knew that you were meant to be
Our little Simmy, with your spirit bright and bold
A story of true love, forever to unfold

Chorus

Oh Simmy, our dear Simmy, with your gentle gaze
Fourteen beautiful years, through all our sunny days
Your love was a beacon, a light that shone so true
Our hearts are forever, forever bound to you

Verse 2

Those mesmerizing eyes, they had a special power
Hypnotizing us for treats, at any given hour
At six AM, sweet BoBo, you'd want your morning meal
Waiting patiently for Mama, your hunger to reveal
Lorena sang, "I love my Simmy BoBo in the morning"
Your loyal heart was always, without any warning
Waiting by the door, for walks or chase and play
Or stealing a forgotten sock, to brighten up our day

Chorus

Oh Simmy, our dear Simmy, with your gentle gaze
Fourteen beautiful years, through all our sunny days

Simmy's Gentle Gaze (continued)

Your love was a beacon, a light that shone so true
Our hearts are forever, forever bound to you

Verse 3

You had a special way, encouraging love so true,
Your soft cuddles equally split, between us two.
Each day in your presence, made us better, it's plain,
Your love, unconditional, through sunshine and through rain.
Through life's deepest valleys, and moments so grand,
You offered your comfort, with a paw in our hand.
Your spirit, sweet BoBo, forever takes its part,
Forever imprinted, deep within our heart.

Bridge

Momma and Papa love you, with all our beating hearts
This isn't goodbye forever, though we're for now apart
We know you walk beside us, guiding every step
Our gratitude for your love, we will forever keep
For letting us be part of your life, so pure and bright
All our love for all your love, our cherished guiding light

Instrumental - soft strings, piano

Final Chorus

Oh Simmy, our dear Simmy, with your gentle gaze
Fourteen beautiful years, through all our sunny days
Your love was a beacon, a light that shone so true
Our hearts are forever, forever bound to you

Outro

No longer struggling, free beneath the sun
Chasing squirrels and bunnies, your happy race is run
Enjoying all the treats, with every toy you claim
Waiting patiently, for us to call your name
For Momma, Papa, and Sadie, you watch from above
Wrapped in endless peace, and our eternal love

Outro - piano fade

Forever in our hearts
