# Koda's Close Embrace

*A Tribute Song*

---

**Intro - acoustic guitar, harmonica**

**Verse 1**

I remember the first night we met,  
A bond I could never forget.  
You snuggled so close, a sweet little pup,  
As if no space could ever fill up.  
With wrinkled brow and floppy ears so grand,  
You found your place right here in my hand.  
A Shar-pei Basset, a perfect blend,  
My loyal, dearest, furry friend.

**Chorus**

Oh, Koda, my Koda, nine years flew by,  
Beneath the same vast, open sky.  
Though now the house feels empty and still,  
Your paw prints remain, my heart they fill.

**Verse 2**

No matter the day, or how long I was gone,  
Your happy greeting carried on.  
A frantic dance at the open door,  
Jumping high, then asking for more.  
Your tail a blur, a joyful beat,  
Paws tap-dancing on happy feet.  
That pure excitement, a treasured sight,  
Always making everything bright.

**Chorus**

Oh, Koda, my Koda, nine years flew by,  
Beneath the same vast, open sky.

*Koda's Close Embrace (continued)*

Though now the house feels empty and still,  
Your paw prints remain, my heart they fill.

**Verse 3**

You were always right there, close by my side,  
A faithful shadow, nowhere to hide.  
The jingle of harness, your world would ignite,  
Ready for walks, bathed in morning light.  
Then off you would go, in a joyous wild race,  
Vanilla ice cream dish held in its place.  
Into the bedroom, away from the cats' gaze,  
Through all of our wonderful days.

**Chorus**

Oh, Koda, my Koda, nine years flew by,  
Beneath the same vast, open sky.  
Though now the house feels empty and still,  
Your paw prints remain, my heart they fill.

**Bridge**

"I love you, baby girl," a whisper so low,  
More than you ever will know.  
My best friend and copilot, through every mile,  
I'll carry your spirit, and remember your smile.

**Instrumental - acoustic guitar, harmonica, upright bass**

**Final Chorus**

Oh, Koda, my Koda, nine years flew by,  
Beneath the same vast, open sky.  
Though now the house feels empty and still,  
Your paw prints remain, my heart they fill.

**Outro - acoustic guitar fade**

Now you're running free, light as the air,  
Doing your zoomies without a care.  
Chasing the squirrels across the green ground,  
Peaceful and happy, forever unbound.

*Forever in our hearts*
