Verse 1

From that very first day, a gentle soul you were
A loyal heart, a comforting blur
A pit bull's strength, a spirit so kind
The dearest companion one could find
Your heavy head upon my feet, a tender, sweet embrace
Filling up this quiet space
A silent promise, understood and true
My best friend, Maverick, through and through.

Chorus

Oh, Maverick, our sweet boy, eleven years we knew
Every single moment, a love so pure and true
Now you're running free, beneath a boundless sky
No more pain, no sad goodbyes.

Verse 2

As twilight settled, and day turned to night
We'd find our peace in the fading light
Curled up beside me, a contented sigh
Watching the stars begin to fill the sky
That familiar evening, a quiet, simple grace
A smile on your sweet, expressive face
Just being together, a perfect, precious thing
The joy your presence used to bring.

Chorus

Oh, Maverick, our sweet boy, eleven years we knew

Maverick, Free in the Sun (continued)

Every single moment, a love so pure and true
Now you're running free, beneath a boundless sky
No more pain, no sad goodbyes.

Verse 3

Maverick loved everyone, a friend to all he knew
His heart so wide, his spirit true
He'd chase the squirrels with a playful bark
But spared the chickens, leaving his gentle mark
Upon the porch, he'd find his spot
Soaking sunshine, even when it's hot
Watching over all, the homestead's gentle guard
A faithful presence, always on his card.

Bridge

The whisper I gave you, as you drifted far away
"Go run free, sweet boy," I had to bravely say
"Say hello to Laurie, Harley and Ricochet,"
They're waiting at the rainbow, to welcome you today.

Instrumental - banjo solo, acoustic guitar

Final Chorus

Oh, Maverick, our sweet boy, eleven years we knew
Every single moment, a love so pure and true
Now you're running free, beneath a boundless sky
No more pain, no sad goodbyes.

Outro

Now you're running free, no shadow, no fear
Laying in the sunshine, with your tongue hanging clear
Peaceful and joyful, forever you roam
Maverick, my darling, finally home. [Acoustic guitar fade]
