Maxi's Constant Heart

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

Sixteen years, just you and me
My little Maltese, wild and free
How you loved the open road
A traveler's heart, a precious load
Through every journey, far and wide
Always happy by my side
A tiny shadow, full of grace
Finding comfort in each place

Chorus

Oh, Maxi, my sweet Maxi boy
Sixteen years, you brought such joy
My constant star, my guiding light
Through every day and every night

Verse 2

When the evening sun would fall
We'd answer nature's gentle call
Long walks we'd take, just you and I
Beneath the vast and endless sky
Every stride a memory made
In silent whispers, unafraid
A peaceful rhythm, soft and slow
Every evening's gentle glow

Chorus

Oh, Maxi, my sweet Maxi boy
Sixteen years, you brought such joy

Maxi's Constant Heart (continued)

My constant star, my guiding light
Through every day and every night

Bridge

Thank you for being my constant thing
The truest comfort life could bring
My heart holds tight, my love for you
In every memory, fresh and true

Instrumental - acoustic guitar, harmonica

Final Chorus

Oh, Maxi, my sweet Maxi boy
Sixteen years, you brought such joy
My constant star, my guiding light
Through every day and every night

Outro - acoustic guitar fade

Now you're running, light and free
No pain can touch you, I believe
Just peace and joy beyond compare
My sweet Maxi, waiting there
And in my heart, you'll always be
Forever cherished, wild and free

Forever in our hearts
