Verse 1

From a rescue home in Melbourne town
Two little souls, with eyes cast down
Used and abused, on a farm so cold
But your resilient spirits, brave and bold
We opened our hearts, a loving embrace
And you filled our home with joy and grace
You knew our love, in every way
And brightened up each passing day

Chorus

Oh, Bonny and Jess, our Labradors true
Twelve wonderful years we shared with you
In every whisper, in every glance
You gave our lives a second chance
Now you sleep among the stars so bright
Shining on us with your gentle light

Verse 2

We remember the sun, on Far North Queensland sand
Running free, a happy, sandy band
Dashing to the ocean, with joyful bark
Swimming so strong, leaving your loving mark
The salty spray, the endless blue

Bonny and Jess's Ocean Song (continued)

Every moment spent, a dream come true
No leash, no sorrow, just pure delight
Underneath that sky so wide and bright

Chorus

Oh, Bonny and Jess, our Labradors true
Twelve wonderful years we shared with you
In every whisper, in every glance
You gave our lives a second chance
Now you sleep among the stars so bright
Shining on us with your gentle light

Verse 3

Though years have passed since that first day
Your paw prints linger, come what may
A gentle nuzzle, a watchful eye
Beneath our Queensland, sunny sky
You understood without a sound
The truest friends, we always found
Our silent guardians, loyal and true
Our home was brighter, made by you

Bridge

Our hearts still ache, a quiet plea
For just one more moment, just you and me
Your warmth, your comfort, a fading trace
But in our dreams, we find your loving face
And hear our whisper, soft and low
"I love you," where'er you go

Instrumental - piano, ukulele, pads

Final Chorus

Oh, Bonny and Jess, our Labradors true
Twelve wonderful years we shared with you
In every whisper, in every glance
You gave our lives a second chance
Now you sleep among the stars so bright
Shining on us with your gentle light

Outro

Across the Rainbow Bridge, you play
Running with friends, throughout the day
No pain, no fear, just endless grace

Bonny and Jess's Ocean Song (continued)

In that peaceful, heavenly space
Bonny and Jess, forever near
Wiping away each silent tear.

Outro - piano fade

Forever in our hearts
