Custom Pet Memorial Songs

Echo's Morning Call

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

I remember the sound, a rumble and a sigh
Your big paws on the stairs, beneath the morning sky
Running to the kitchen, a greeting full of grace
A gentle giant's presence, lighting up the place
You loved the open road, the wind within your fur
And endless happy walks, a blurry, joyful blur
A Great Dane's noble spirit, a Mastiff's loving heart
Right there from the beginning, a brand new happy start

Chorus

Oh, Echo, my dear Echo, through four swift years we flew
Every step beside you, a dream that came so true
A love beyond all measure, a bond that will remain
I'll carry every memory, easing all the pain

Verse 2

Our 6 AM cuddles, a precious, sleepy art
A heavy head upon me, right from the very start
Then dancing in the kitchen, a silly, joyful sway
Chasing your big shadow, brightening my day
Your goofy, loving spirit, so playful and so free
A loyal, true companion, forever etched in me
You taught me quiet solace, and laughter, light, and pure
A love so strong and steady, a comfort to endure

Chorus

Oh, Echo, my dear Echo, through four swift years we flew
Every step beside you, a dream that came so true

Echo's Morning Call (continued)

A love beyond all measure, a bond that will remain
I'll carry every memory, easing all the pain

Bridge

Now whispers in the quiet, a secret, gentle plea
"Grandma's boy, grandma loves you Mr E"
Those words will live inside me, a truth I'll hold so tight
My beautiful companion, my morning, noon, and night

Instrumental - harmonica, acoustic guitar, upright bass

Final Chorus

Oh, Echo, my dear Echo, though four short years we flew
Every step beside you, my dream that came so true
A love beyond all measure, a bond that will remain
I'll carry every memory, easing all the pain

Outro - acoustic guitar fade, harmonica

Now you're running free, my love, with friends you've lately met
Down by our waterfall, a place I can't forget
Peaceful in the sunshine, a spirit light and grand
My Echo, always with me, across the promised land.

Forever in our hearts
