Pumpkin's Gentle Gaze

A Tribute Song

Intro - piano, acoustic guitar

Verse 1

The first time I saw you, a sweet, gentle sight,
Peeking out from the window, bathed in soft light.
Your eyes met mine, a promise so true,
My heart knew instantly, I'd found a friend in you.
A soft furry presence, a comfort so deep,
Protecting my slumber, secrets to keep.
A wag of your tail, a joyful soft sigh,
Underneath a wide, loving sky.

Chorus

Oh, sweet Pumpkin, for twelve loving years,
You chased away shadows, you calmed all my fears.
A love like no other, so constant and bright,
My beautiful Pumpkin, my guiding star light.

Verse 2

When bedtime would call, and the day turned to night,
You'd snuggle beside me, holding me tight.
Your warm little head, right next to my own,
In that quiet moment, we were never alone.
A soft gentle breathing, a peaceful warm glow,
More than just a pet, my best friend, you know.
Every soft sigh, every dream we would share,
A love beyond measure, beyond all compare.

Chorus

Oh, sweet Pumpkin, for twelve loving years,
You chased away shadows, you calmed all my fears.

Pumpkin's Gentle Gaze (continued)

A love like no other, so constant and bright,
My beautiful Pumpkin, my guiding star light.

Bridge

I whispered goodbye, a tear in my eye,
Go chase the squirrels, beneath endless sky.
And be kind to them, my sweet, gentle soul,
You've made my life wonderfully whole.

Instrumental - cello, piano

Final Chorus

Oh, sweet Pumpkin, for twelve loving years,
You chased away shadows, you calmed all my fears.
A love like no other, so constant and bright,
My beautiful Pumpkin, my guiding star light.

Outro

Now you're just waiting, beyond the bright blue,
A soft, peaceful slumber, till I come to you.
Dreaming of fields, where the sun always gleams,
My sweet Pumpkin, living out endless dreams.

Outro - piano fade
