

Remembering Ollie

Custom Pet Memorial Songs

Xena, My Warrior Princess

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

I remember the day you came to stay
Seven years flew by in a loving way
A wild husky spirit, so strong and true
Greeting me at the door, just like you'd always do
Or curled on the couch, in your favorite spot
A presence of comfort, a love I had got
My loyal companion, through laughter and tears
Chasing away all my worries and fears

Chorus

Oh, Xena, my sweet warrior princess so brave
Seven years of memories, the love that you gave
Now you run free, beyond the sun's soft glow
My beautiful Xena, how I miss you so

Verse 2

I recall those quiet nights, soft and serene
Cuddling close on the couch, my beautiful queen
And when you would talk, with a howl and a sigh
I'd coax out "I wuv you," as time drifted by
That husky voice singing, a comforting sound
The sweetest agreement, no other like found
Each moment a treasure, a bond deep and vast
A love in my heart that forever will last

Chorus

Oh, Xena, my sweet warrior princess so brave
Seven years of memories, the love that you gave

Xena, My Warrior Princess (continued)

Now you run free, beyond the sun's soft glow
My beautiful Xena, how I miss you so

Bridge

Go for those long walks now, my girl, you are pain-free
Run through the meadows, wild and so carefree
Until we meet again, when my journey is done
Sweet warrior princess, daddy loves you, my one

Harmonica solo

Final Chorus

Oh, Xena, my sweet warrior princess so brave
Seven years of memories, the love that you gave
Now you run free, beyond the sun's soft glow
My beautiful Xena, how I miss you so

Outro

You're under your favorite shade tree, enjoying the fall
Or nestled in snow, hearing nature's soft call
Peaceful and dreaming, where ever you roam
My sweet Xena, forever my home

Acoustic guitar fade

Forever in our hearts
