## Verse 1

I remember that first moment, clear as any day,  
On the couch beside me, watching the world away.  
Just a mutt with soulful eyes, looking back at me,  
A silent understanding, meant for you and me.

## Chorus

Oh, Charlie, my sweet Charlie, 14 years so fast,  
Every memory a treasure, a love that's built to last.  
You're forever in my heart, a warmth I still can feel,  
My dear Charlie, my best friend, forever true and real.

## Verse 2

Then the open road would call, a freedom you would know,  
Paws out the window, watching the world below.  
With your head held high, the wind blowing in your face,  
A joy unspeakable, lighting up every space.

## Chorus

Oh, Charlie, my sweet Charlie, 14 years so fast,  
Every memory a treasure, a love that's built to last.  
You're forever in my heart, a warmth I still can feel,  
My dear Charlie, my best friend, forever true and real.

**Verse 3**

You were always there beside me, a shadow by my feet,  
A gentle nudge, a knowing glance, made my world complete.  
The quiet hum of your contentment, a comfort deep and true,  
Every day a little brighter, just by being you.

**Chorus**

Oh, Charlie, my sweet Charlie, 14 years so fast,  
Every memory a treasure, a love that's built to last.  
You're forever in my heart, a warmth I still can feel,  
My dear Charlie, my best friend, forever true and real.

**Bridge**

You will always be my baby boy, I whispered to the air,  
And I will find you again, I know beyond compare.  
This time it will be for eternity, no more lonely years,  
Never to be separated, banishing all fears.

**Harmonica Solo**

**Final Chorus**

Oh, Charlie, my sweet Charlie, 14 years so fast,  
Every memory a treasure, a love that's built to last.  
You're forever in my heart, a warmth I still can feel,  
My dear Charlie, my best friend, forever true and real.

**Outro**

Now you're up in heaven, I picture you at play,  
Running wild with Mollie, chasing clouds away.  
Through fields of endless sunshine, free from every pain,  
Until we meet again, my love, until we meet again.

**Outro - guitar fade**

*Forever in our hearts*
