Bruno's Steadfast Heart

A Tribute Song

Intro

Acoustic guitar, harmonica

Verse 1

In the darkest night, when shadows fell so deep,
You were the anchor, promises to keep.
A service heart, so steady and so true,
My loyal companion, always seeing me through.
With gentle nudges and eyes so wise and kind,
A peace I could always, always find.
Your quiet presence, a light against the storm,
Keeping my spirit safe and warm.

Chorus

Oh, Bruno, my Bruno, a friend beyond compare,
For fifteen long years, you were always there.
Through every sunrise, every setting sun,
My dearest partner, 'til our journey was done.

Verse 2

The open road called, just the two of us inside,
Miles rolled by, with nothing left to hide.
Windows down, the wind a gentle song,
Where our silent understanding felt so strong.
Your head upon my lap, a trusting, peaceful sigh,
Beneath the endless, wide-open sky.
Those simple moments, etched within my soul,
Making every broken part feel whole.

Chorus

Bruno's Steadfast Heart (continued)

Oh, Bruno, my Bruno, a friend beyond compare,
For fifteen long years, you were always there.
Through every sunrise, every setting sun,
My dearest partner, 'til our journey was done.

Verse 3

Through changing seasons, fifteen years did weave,
A tapestry of moments, hard to believe.
The quiet comforts, known within these walls,
Responding always to my silent calls.
Your loving presence, a shelter from the rain,
Easing the worry, quieting the pain.
A steadfast spirit, noble, strong, and brave,
All the sweet memories, my heart will always save.

Bridge

Though silent now, the house feels still and cold,
A story of love, more precious than pure gold.
Your paw prints are forever embroidered on my heart,
Right from the very, very start.

Instrumental

Banjo, acoustic guitar

Final Chorus

Oh, Bruno, my Bruno, a friend beyond compare,
For fifteen long years, you were always there.
Through every sunrise, every setting sun,
My dearest partner, 'til our journey was done.

Outro

Now you're waiting, beyond the rainbow's bend,
A happy spirit, my truest, dearest friend.
Running free and light, beneath the endless blue,
My heart holds onto every memory of you.

Outro - guitar fade
